

ABIOLA OLARONKE ONI

Full Stack Web Developer | React, PHP and Laravel Developer Lagos, Nigeria |
oniolaronke@gmail.com | 0703-427-2018 | [Github](#) | [Linkedin](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Web Developer with a background in IT Service Management solving business and technology challenges. I specialize in building scalable web applications using React, PHP, Laravel, MySQL, JavaScript, HTML5, CSS3, Bootstrap, REST APIs, and Git. My unique combination of software development expertise and customer-focused service delivery experience allows me to create solutions that are not only technically sound but also aligned with real business needs. I'm passionate about developing applications that improve efficiency, automate processes, and deliver exceptional user experiences.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript(ES6+) and React

Backend: PHP, Laravel, REST APIs, Authentication & Authorization

Database: MySQL, MongoDB

DevOps & Cloud: Aws, Git, GitHub, Docker, CI/CD pipelines (GitHub Actions)

PROFESSIONAL EXPERIENCE

FULL STACK WEB DEVELOPER | *Moat Academy Graduate* | March 2026 – Present

- Develop responsive web applications using React, PHP, Laravel, MySQL, JavaScript, HTML5, CSS3, and Bootstrap.
- Design and implement RESTful APIs for frontend.
- Build secure authentication, authorization, and user management modules.
- Designed relational database schemas and role-based authentication/authorization systems (Admin, Agent, Customer) with session-isolated access control.
- Design database schemas and optimize SQL queries for application performance.
- Perform debugging, code reviews, and application optimization.
- Manage source code repositories using Git and GitHub
- Establish and maintain CI/CD pipelines using GitHub Actions to automate deployment processes, significantly reducing manual deployment time and minimizing production errors.

SERVICE DELIVERY MANAGER | *Infodata Professional Services* | Aug 2024 – Jan 2026

- Managed enterprise client relationships and service delivery operations, ensuring technology solutions aligned perfectly with strategic business objectives.
- Led cross-functional teams to deliver technology solutions aligned with business objectives.
- Managed SLAs, service reviews, escalations, and continuous improvement initiatives.
- Translated client requirements into actionable delivery roadmaps and technical outcomes.

TECHNICAL SUPPORT MANAGER | *Tek Expert* | Aug 2022 – Aug 2023

- Led enterprise support teams delivering Microsoft Dynamics ERP support across EMEA.
- Managed escalations, coaching programs, performance metrics, and customer success initiatives.
- Collaborated with engineering and product teams to improve customer experience.

TECHNICAL SUPPORT ENGINEER (Open Text Data Protector) | *Tek Expert* | Jul 2020 – Jul 2022

- Provided enterprise backup and recovery support while troubleshooting complex technical issues.
- Deployed, configured, and supported enterprise application performance monitoring solutions

TECHNICAL SUPPORT ENGINEER (Azure subscription management) | *Tek Expert* | Jan 2019 – Jul 2020

- Provided Azure subscription and billing support while ensuring customer satisfaction.

IT SERVICE SUPPORT OFFICER | *Sterling Bank Plc* | Dec 2016 – Jan 2019

- Provided infrastructure, end-user, and network support services across the organization.

PROJECTS

Incidentra – IT Service Management (ITSM) Platform

[GitHub](#) | [Live Demo](#):

- **Tech Stack:** PHP, Laravel, MySQL, jQuery, AJAX
- **Overview:** Role-based ITSM platform (Admin/Agent/Customer) with automated SLA calculation, ticket reply and per-role dashboards built on session-isolated auth.

Aurastore – E-Commerce Storefront

[GitHub](#) | [Live Demo](#)

- **Tech Stack:** React.js, and REST APIs
- **Overview:** React/Vite storefront consuming a public REST API, with category-based filtering, dynamic product state, and a Bootstrap UI built for responsive shopping.

Serenestay – Hotel Management System

[GitHub](#)

- **Tech Stack:** Laravel, MySQL, Blade, GitHub Actions (CI/CD)
- **Overview:** A hotel management system providing admins with a centralized dashboard to manage room categories, inventory, and bookings.

EDUCATION

B.Sc. Ed. Computer Science – Ekiti State University, Ado-Ekiti (2008 – 2014)

Software Development – Moat Academy (2026)
